## Information regarding IAESTE Poland

The IAESTE National Committee in Poland is 100% student run and it is not part of any government institution. The office of the National Committee is located in Warsaw.

There are 12 Local Committees at the largest Universities of Technology in Poland, all of which are run by students only. In few cities, there is more than one Local Committee, because there is more than one University involved in the IAESTE programme.

The members of local committees are responsible for arranging your accommodation and picking you up when you arrive to the city of destination. They will also introduce you to the employer at your first day of the traineeship.

Local committee's contact information is printed on the form "O". However, please remember that you can contact them as well as your employer only after you will receive your acceptance papers.

We will do our best to make your stay in Poland a great and memorable experience.

### Age and student status restrictions

PLEASE NOTE: You must be **under 26 years old** to apply for this offer. You are also required to provide a Certificate of Enrolment confirming that you are a **student during the entire applied training period**.

### Language

The official language in Poland is Polish. The most popular foreign language is English, especially among young people.

### Payment/Taxes

Your salary will be paid at the **end of each month** according to the amount stated in the form "O". It is **absolutely necessary** for you to have sufficient funds for the first month, **approximately 1200 PLN (circa 300 EUR)**, to cover your expenses until you receive your first salary. The taxes you need to pay depend on the form of employment chosen by the employer. Form "O" will provide you with all necessary information. For more details please contact the Local Committee of your destination.

### Accommodation

The members of IAESTE Local Committees will arrange lodging for you in a student dormitory, at the same conditions as Polish students. Rules of paying rent may differ, depending on the city; however, you need to be prepared that you **have to pay the full month rent in advance**. For more details please contact the Local Committee responsible for your offer. If you do not wish to stay in the student dormitory with other trainees, you can arrange other lodging yourself. If you plan to do so, you are required to inform the Local Committee in advance.

### Visa

Poland is a member of European Union. If you come from the country outside EU, you need to apply for a visa. You can do that in the Polish Embassy or Consulate in your home country. **You should do this as soon as you get your acceptance papers, since the application procedure can take up to 8 weeks.** You do not need to apply for additional work permit. All necessary VISA information can be found on the following webpage: <http://www.msz.gov.pl/en/>.

### Insurance

In order to start an IAESTE traineeship in Poland, an adequate health and accident insurance is mandatory. Also, we strongly advise you to get liability insurance before leaving for Poland.
